

Notification of Pregnancy (NOP) Reporting

February 2024

PPC Timeliness of Prenatal Care Reporting

Measure Definition

Timeliness of Prenatal Care: The percentage of deliveries in which women had a prenatal care visit in the first trimester, on or before the enrollment start date or within 42 days of enrollment in the organization.

Reporting Opportunity

- Early notification of pregnancy is critical and due to the short window in which plans can act, it is vital that we reduce delays in data sharing with providers.

Upstream PPC Reporting Resources

- NOP Report – Based on Notice of Pregnancy (updated weekly)
- No NOP Report – Based on claims/labs that indicate possible pregnancy (updated weekly)

Provider Analytics NOP Report Solution

- Using the data in the 412 and 413 reports, the new Provider Analytics NOP resource provides a consolidated export that better identifies pregnant members. This new solution is updated daily and allows us to ensure our providers have the most recent information regarding likely pregnant members.

Report Features

- Updated Daily
- Care Manager Name
- OB/GYN Group Name, Doctor Name and Number
- Dates around last visits

Notification of Pregnancy (NOP) Report

- Members are identified as pregnant through the Pregnancy Events Process. This process runs daily and utilizes claims, eligibility records, and Notification of Pregnancy (NOPs) to identify a member is pregnant or no longer pregnant.
- These events are all sequenced to identify distinct pregnancies, creating a pregnancy history for each member, including approximate start and end dates to historical pregnancies. The sequencing and dates also result in the ability to identify currently pregnant members.

Notification of Pregnancy forms can be found on both Provider and Member Portals.

The screenshot displays the 'Assessments' section of a provider portal. The left sidebar lists various assessment categories, with 'Assessments' highlighted. The main content area shows the 'SSFB WEB ONLY Provider NOP_V2' form, which includes a 'Fill Out Now!' button. A red arrow points from this button to a detailed view of the form. The detailed view shows the 'Members Current Contact Information' section with fields for Member's Mailing Address, City, State, Zip Code, Telephone Number, Cell Phone Number, and Email Address. Below this is the 'Web Portal Provider NOP' section with fields for OB Provider's Name, ID #, Mailing Address, and City. To the right is the 'GENERAL INFORMATION' section, which includes a 'Primary insurance (for mom or baby) other than Medicaid?' checkbox, 'Due Date (Required)', 'Date of first prenatal visit (mm/dd/yyyy)', 'Date of last Pap Smear (mm/dd/yyyy)', 'Date of last Chlamydia Screening (mm/dd/yyyy)', and a 'Race/Ethnicity (check all that apply)' section with checkboxes for Caucasian, Non-Hispanic/Latina; Black/African American; Hispanic/Latina; American Indian/Native American; Asian; Hawaiian/Pacific Islander; and Other ethnicity (please specify). There are also fields for 'Preferred Language (if other than English)', 'Number of Full Term Deliveries (Required)', and 'Number of Preterm Deliveries (Required)'.

The screenshot shows the 'Provider Analytics' interface for 'TWIN PEAKS FAMILY PRACTICE PC' with ID '76352'. The page is divided into three main sections: 'Supplemental Reports', 'P4P and Quality Reporting', and 'Dashboards'. The 'Supplemental Reports' section lists several reports with their last refresh dates: 'COVID-19 Detail' (No Report), 'Daily IP & Discharge' (10-18-2023), 'Notice of Pregnancy' (10-26-2023), 'Weekly Med Claims' (Coming Soon), and 'Weekly Rx Claims' (Coming Soon). There is also a 'Reference Materials' section with a link to the 'Data Dictionary'. The 'Resources' section on the right includes links to 'Case Study Support Resource', 'FAQ', and 'Tool Navigation Guide'. A red arrow points from the 'Refresh date listed' feature description to the 'Notice of Pregnancy' report's refresh date.
