

Childhood Immunization Status

Combo 10 Quick Tips

Carolina Complete Health is committed to achieving the best health outcomes for members. This reference guide is designed to help you better understand Child Immunization HEDIS® measures to close care gaps and obtain information about programs and resources to support you and your patients. Immunizations are proven to help children stay healthy and avoid the harmful effects of vaccine-preventable diseases.

Measure Indicators

Well-Child Visit: Measurement of Well-Child Visits in the First 30 Months of Life: Six or more well-care visits (Well-Care Value Set) on different dates of service on or before the 15-month birthday; and two or more well-care visits (Well-Care Value Set) on different dates of service between the child’s 15-month birthday plus 1 day and the 30-month birthday. Child Wellness Exam: Covers all regular wellness visits to all children enrolled in Medicaid under the age of twenty-one (21). Includes:

- Comprehensive health and developmental history
- Unclothed physical exam
- Appropriate immunizations and laboratory tests
- Lead toxicity screening
- Vision, dental and hearing services
- Health education, including anticipatory guidance
- Other necessary healthcare, such as diagnostic services and treatment

Childhood Immunization Status/Combo 10: Number of members that are 2 years of age who have completed the CIS Combo 10. Combination vaccination should be on different dates of service before the child’s second birthday.

Immunization Schedule

Pneumococcal conjugate – at least 4 vaccinations	CPT: 90670
Hepatitis A – At least one hepatitis A vaccination	CPT: 90633
Rotavirus – Any of the following meets the criteria: <ul style="list-style-type: none"> • At least 2 doses of the two-dose rotavirus vaccine or at least 3 doses of the three-dose vaccine, or, • At least 1 dose of the two-dose rotavirus vaccine and at least two doses of the three-dose vaccine 	CPT: 90681 (ROTAVIRUS 2 DOSE) CPT: 90680 (ROTAVIRUS 3 DOSE)
Influenza - At least two influenza vaccinations	CPT: 90655, 90657, 90660, 90661, 90672, 90673, 90685 - 90689

Best Practice Tips

- Send out different types of reminders for appointments (e.g.: mail, email, birthday text, and calls).
- Encourage parent/guardian to attend all scheduled visits.
- Submit claims/encounter data for each service rendered.
- Ensure all claim/encounter data accurate and submitted in a timely manner.
- Schedule routine appointments.
- Schedule next appointment while the patient is in the office.
- Enter vaccines into the [NC Immunization Registry \(NCIR\)](#).
- Review participation in the [Vaccines for Children \(VFC\) program](#).
- Educate members about the importance of obtaining timely vaccines.
- Proactively outreach to members by phone call.
- Utilize [Carolina Complete Health's HEDIS Resource website](#).
