Carolina Complete Health

Overview

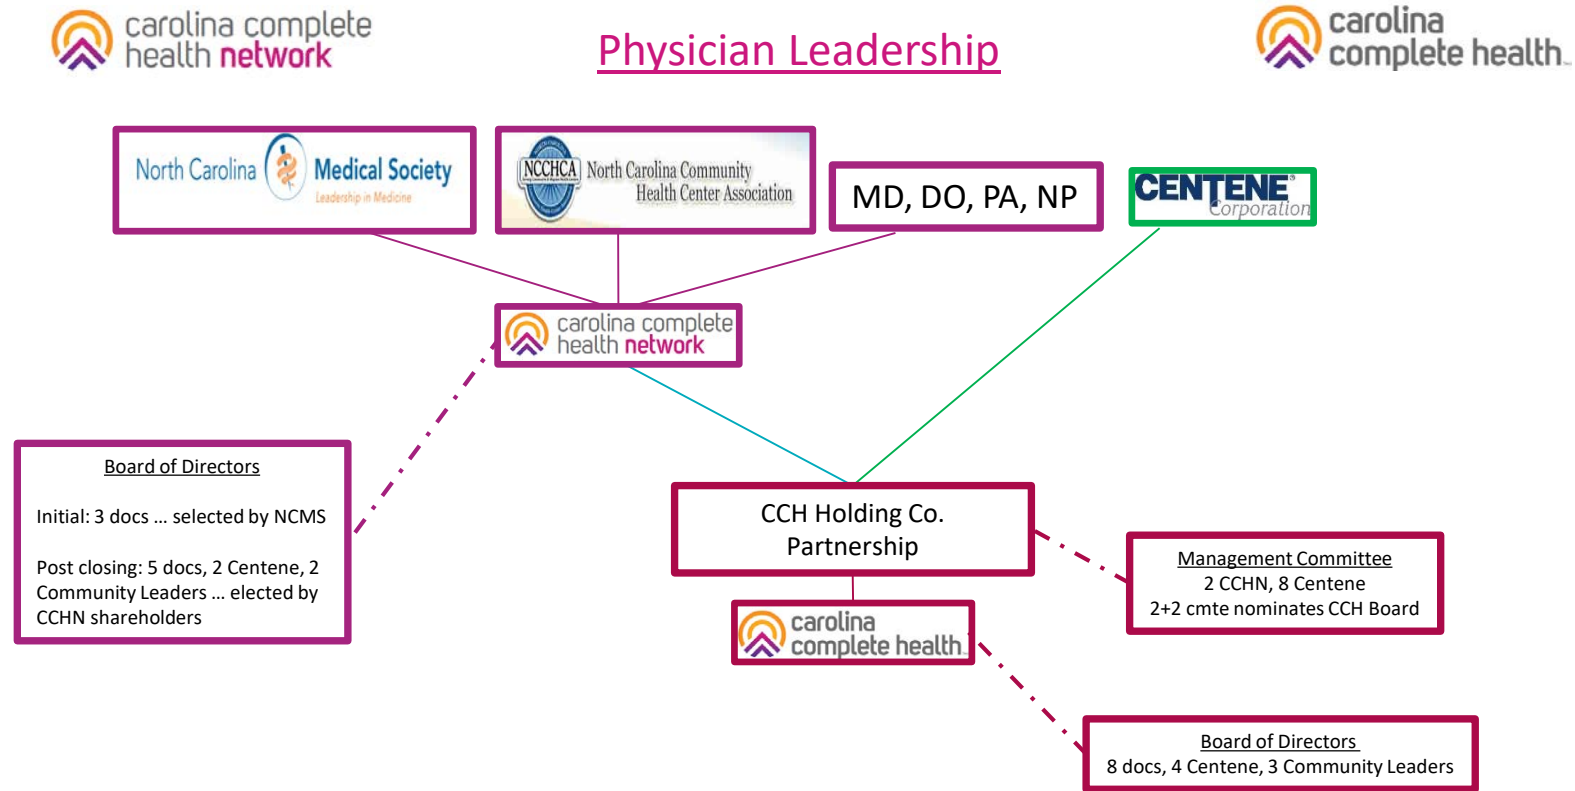

Carolina Complete Health

On January 10, 2017, a subsidiary of the **North Carolina Medical Society (NCMS)**, working in conjunction with the North Carolina Community Health Center Association (NCCHCA), and Centene Corporation entered into a joint venture agreement to collaborate on a patient-focused approach to Medicaid under the reform plan enacted in the State of North Carolina.

- Pursuant to the agreement, the joint-venture created **Carolina Complete Health**, to establish, organize and operate a physician-led Medicaid managed care health plan
- **Carolina Complete Health Network**, which is owned jointly by NCMS, Physicians, Physician Assistants, Nurse Practitioners and Community Health Centers, will provide medical management services, hold a majority on the Board of Directors and oversee the medical policies for the health plan
- Centene will manage the financial and daily operations
- *The model will facilitate providers leading health care decisions and contributing to a value-based reimbursement system to result in better health outcomes for beneficiaries at a lower cost to the state*

CAROLINA COMPLETE HEALTH PARTNERSHIP

"With the changes taking place in our health care system at the state level with Medicaid reform and new programs at the national level, the NCMS remains committed to ensuring that physicians are the ones making the clinical decisions in the best interest of their patients. Our leadership views this partnership as a unique opportunity to help lead the reform process and to put patients' needs first."

CAROLINA COMPLETE HEALTH PARTNERSHIP

"North Carolina Federally Qualified Health Centers (FQHCs) are key providers of primary care services to Medicaid recipients across North Carolina. The patient-centered medical home model at FQHCs, and their focus on providing a broad spectrum of services to low-income and underserved populations, make them uniquely prepared to meet the state's Medicaid reform goals.

NCCHCA believes partnering with the North Carolina Medical Society and Centene will enable FQHCs to work more closely with physician specialists and health systems in their local communities to improve patient continuity of care, quality and cost."

- E. Benjamin Money, Jr., NCCHCA CEO

Carolina Complete Health Network

CCHN AT-A-GLANCE

WHO WE ARE In May 2016, Carolina Complete Health Network, Inc. was formed to ensure that physicians treating Medicaid beneficiaries in North Carolina have a physician-led, sustainable mechanism to provide Medicaid managed care services

WHAT WE WILL DO Working in partnership with organizations that have demonstrated success in value-based Medicaid services, we will establish, grow, and operate a physician-led provider network that uses data-driven, outcomes-based models-of-care to serve Medicaid beneficiaries in North Carolina

CAROLINA COMPLETE HEALTH PARTNERSHIP

OUR MISSION

- Provide state-of-the-art care to Medicaid beneficiaries resulting in better health at lower cost
- Empower healthcare professionals to optimize care that is outcome-driven, evidence-based, and cost-effective
- Engage healthcare professionals caring for Medicaid beneficiaries in developing best practices and medical policies

OUR FUTURE OWNERS Together the North Carolina Medical Society, Community Health Centers, physicians, physician assistants, and nurse practitioners delivering health care to North Carolina Medicaid beneficiaries

North Carolina DHHS Awarded Regions

On February 4, 2019 North Carolina Department of Health and Human Services announced the selection of Prepaid Health Plans (PHP) that will participate in Medicaid managed care when the program launches in November 2019. A regional PHP contract was awarded to Carolina Complete Health to offer plans in **Regions 3 and 5**. Carolina Complete Health is the only provider-led entity to score high enough to be awarded.

Counties in Regions 3 and 5

- Region 3
 - Alexander, Anson, Cabarrus, Catawba, Cleveland, Gaston, Iredell, Lincoln, Mecklenburg, Stanly, Union
- Region 5
 - Bladen, Brunswick, Columbus, Cumberland, Harnett, Hoke, Lee, Montgomery, Moore, New Hanover, Pender, Richmond, Robeson, Sampson, Scotland

Our Approach and Goals

Our overarching goal is to help each and every Carolina Complete Health beneficiary achieve the highest possible levels of wellness, functioning, and quality of life, while demonstrating positive clinical results.

Integrated Care

- Strong support for the integration of both physical, behavioral, and LTSS and HCBS services
- Assisting beneficiaries in achieving optimum health, functional capability, and quality of life

Coordination of Care

- Assist beneficiaries with locating a Provider
- Coordinate requests for out-of-network providers by determining need/access issues involved

Continuity of Care

- Continuity of personal relationships, recognizing that an ongoing relationship between beneficiaries and health providers and community providers is the foundation that connects care over time and bridges discontinuous events
- Continuity of clinical management

Carolina Complete Health

Enrollment

Medicaid Managed Care Enrollment

- North Carolina Medicaid and NC Health Choice populations will be mandatorily enrolled in PHPs. The following will be exceptions to those enrolled—populations may be “exempt” (up to beneficiary to choose) or “excluded” (No option to enroll):

Excluded Examples

- Duals for whom NC Medicaid is limited to Medicare premiums and cost sharing
- Medically needy North Carolina Medicaid beneficiaries
- Beneficiaries participating in the NC Health Insurance Premium Payment (HIPP) program
- Beneficiaries enrolled under the Medicaid Family planning program
- Inmates of prisons
- Beneficiaries being served through the CAP/C or CAP/DA
- PACE participants

Exempt Examples

- Until BH/IDD Tailored Plans are available, beneficiaries with a serious mental illness, a serious emotional disturbance, a severe SU disorder, or who have survived a traumatic brain injury are exempt
- Exempt populations include beneficiaries of federally recognized tribes, including the Eastern Band of Cherokee Indians (EDCI)

Carolina Complete Health Beneficiary ID Card

- Beneficiaries should present both their Carolina Complete Health ID card and a photo ID each time services are rendered by a provider. As a provider for our Carolina Complete Health, if you are not familiar with the person seeking, please ask to see photo identification.

Need copy of front of ID card here

Need copy of back of ID card here

Checking Eligibility for Carolina Complete Health

Providers should always verify beneficiary eligibility:

- When a beneficiary schedules an appointment
- When the beneficiary arrives for the appointment

Verifying eligibility can be done via:

- Secure Provider Portal at www.carolinacompletehealth.com
- Automated beneficiary eligibility IVR system at **xxx-xxx-xxxx(need a phone #)**
- Calling Provider Services at 1-833-552-3876
- **PCPs should check that a beneficiary is assigned to their patient panel – this can be done via our Secure Provider Portal. PCPs can still administer service if the beneficiary is not and may wish to have beneficiary assigned to them for future care.**

Carolina Complete Health

Provider Credentialing And Responsibilities

Provider Credentialing – Practitioner and Facility

- ✓ Carolina Complete Health (CCH) will maintain a high quality healthcare delivery system with adequate access to credentialed providers for all beneficiaries meeting all DHHS criteria for specialties, drive times, availability, and timely access standards
- ✓ For consideration to participate in the Carolina Complete Health network, all individual practitioners who have an independent relationship with Carolina Complete Health must first complete the centralized credentialing process as outlined in the NC Medicaid Special Bulletin entitled *Centralized Credentialing Vendor Selected for NC Medicaid* published January 2019.
- ✓ Carolina Complete Health will make the final quality determination and will verify that all network providers are credentialed before listing them in Carolina Complete Health's provider directory, handbooks, or other marketing materials.
- ✓ Re-Credential in accordance with state and health plan standards

Provider Responsibilities

- The Provider is responsible for supervising, coordinating, and providing all authorized care to each assigned beneficiary. Carolina Complete Health (CCH) is committed to achieving Medical Home by using patient-centered and coordinated Care Management in addition to honoring the Tier 3 AMH delegated credentialing.
- PCPs are encouraged to refer to another participating Provider when care is needed beyond the scope of what PCP can provide.
- PCPs will work with CCH Care Coordination to ensure appropriate level care is rendered and or beneficiaries of special populations are referred to appropriate providers to obtain Medically Necessary Care
- PCPs are required to maintain sufficient access to facilities and personnel to provide services 24 hours a day, 365 days a year (covering physician, answering service, triage service, etc.)
- Providers must treat beneficiaries with fairness, dignity, and respect in a culturally competent manner
- Providers should identify special beneficiary needs while scheduling an appointment (wheelchair and interpretive linguistic needs, non-compliant individuals or those with cognitive impairments)

Provider Responsibilities

- Providers must not discriminate against beneficiaries on the basis of race, color, national origin, disability, age, sex, religion, mental or physical disability, or limited English proficiency
- Providers must maintain the confidentiality of beneficiaries' personal health information, including medical records and histories, and adhere to state and federal laws and regulations regarding confidentiality
- All Providers and their employee and administrators of a facility are mandatory reporters of suspected physical and/or sexual abuse and neglect of CCH beneficiaries and should be reported to Carolina Complete Health
- Providers are encouraged to ensure beneficiaries execute an Advance Directive and put into beneficiary's medical record. Providers must comply with federal and state laws regarding Advance Directives
- PCPs reserve the right to determine the number of beneficiaries they can accept in their panel of beneficiaries
- Specialists will maintain communication with PCP and coordinate care plans
- All Providers shall maintain accurate and complete medical records documenting all services provided and allow Carolina Complete Health and regulatory bodies access to such records.

Provider Responsibilities

- Providers must communicate with CCH regarding closing of panel, change of address, voluntary termination, addition of practitioners, and other important practice matters
- Providers can check the secure portal to determine whether patient has any other insurance that may be primary so that the Provider may bill the correct insurance company. Any information gathered by the physician office regarding other insurance can be relayed to your network specialist so that it may be updated in our systems.
- Providers should disclose to Carolina Complete Health, on an annual basis, any physician incentive plan (PIP) the provider or provider group may have with physicians either within the group practice or other physicians not associated with the group practice even if there is no substantial financial risk between Carolina Complete Health and the physician or physician group.
- Providers shall participate in Carolina Complete Health data collection initiatives, such as HEDIS and other contractual or regulatory programs.
- Providers must not discriminate against beneficiaries on the basis of race, color, national origin, disability, age, sex, religion, mental or physical disability, or limited English proficiency

ADA Compliant Access

Carolina Complete Health will ensure compliance with ADA accessibility guidelines.

Where applicable, this will include:

- Parking
- Pathway(s) to entry
- Entrance to the building and/or office

What are Critical Incidents?

- Abuse, which includes the infliction of injury, unreasonable confinement, exploitation, intimidation, punishment, mental anguish, environmental hazard, or sexual abuse of a beneficiary. Types of abuse include, but are not necessarily limited to:
 - Physical abuse
 - Psychological abuse
 - Sexual abuse
 - Verbal abuse
 - Neglect
 - Seclusion
 - Exploitation
 - Restraint
 - Service interruption
 - Medication errors

Carolina Complete Health

Medical Management
Care Coordination

Medically Necessary

As found in your Product Attachment to your Agreement:

- **Medically Necessary Services (also referred to as Medical Necessity)** — means those Covered Services that are, under the terms and conditions of the State Contract, determined through Health Plan or Payer utilization management to be:
 - appropriate and necessary for the symptoms, diagnosis or treatment of the condition of the Covered Person;
 - provided for the diagnosis or direct care and treatment of the condition of Covered Person enabling the Covered Person to make reasonable progress in treatment;
 - within standards of professional practice and given at the appropriate time and in the appropriate setting;
 - not primarily for the convenience of the Covered Person, the Covered Person’s physician or other provider; and
 - the most appropriate level of Covered Services, which can safely be provided.
- Determination of Medical Necessity for covered care and services, whether made on a Prior Authorization, Concurrent Review, Retrospective Review, or exception basis, must be documented in writing. The determination is based on medical information provided by the beneficiary, the beneficiary’s family/caretaker and the Primary Care Practitioner, as well as any other Providers, programs, agencies that have evaluated the beneficiary. All such determinations must be made by qualified and trained Health Care Providers. A Health Care Provider who makes such determinations of Medical Necessity is not considered to be providing a health care service under this Agreement.
- CCH has adopted utilization review criteria developed by McKesson InterQual® products to determine medical necessity for healthcare services.

Critical Incidents

- A critical incident/potential quality of care issue is any alleged act or behavior that may be detrimental to the quality or safety of patient care, is not compliant with evidence-based standard practices of care, or that signals a potential sentinel event, up to and including death of a beneficiary.
- Carolina Complete Health employees (including medical management staff, customer service staff, complaint coordinators, etc.), panel practitioners, facilities or ancillary providers, beneficiaries or beneficiary representatives, medical directors, or the BOD may advise the Quality Improvement (QI) Department of potential quality of care issues.
- Adverse events may also be identified through claims-based reporting and analyses. Potential quality of care issues require investigation of the factors surrounding the event in order to make a determination of their severity and need for corrective action, up to and including review by the Peer Review Committee as indicated. Potential quality of care issues received in the QI department are tracked and monitored for trends in occurrence, regardless of their outcome or severity level.

Carolina Complete Health's Care Coordination model is designed to help beneficiaries obtain needed services from our array of covered service or from the community services at the right time and the right place. It is a multi-disciplinary care management team inclusive of CCH and Advanced Medical Home (AMH) and LHD (Local Health Department) providers, focused on:

- A holistic approach to yield better outcomes
- Promoting continuity of care
- Increase positive medical outcomes—highest levels of wellness, functioning, and quality of life
- Ensuring that each beneficiary receives quality, comprehensive care services within the community
- Early identification, needs assessment, person-centered care plans that includes beneficiary/family education, evidence-based practices, trauma-informed care, and actively links the beneficiary to providers and support services
- Rapid and thorough identification and assessment of program participants, especially beneficiaries with special health care needs
- Discharge planning and personalized treatment plans
- Contribute to the reduction in costs to the Long Term Services and Supports Program

Role of Care Coordinator in LTSS

- The goals of DHHS and Carolina Complete Health are to improve overall health and independent living outcomes while slowing the rate of cost growth over time. This will be accomplished by providing the right service, in the right amount, in the right setting, at the right time. CCH will work with AMHs and will focus on ensuring consumers receive the preventive services, screenings and independent living services they need, helping consumers manage their chronic conditions and reducing any unnecessary or duplicative services.
 - Care Managers (CM) will work collaboratively with AMH providers and/or co-lead the creation of the Comprehensive Care Plan (CCP) depending on AMH capability for complex Beneficiaries receiving LTSS services
 - CM will coordinate support AMHs to coordinate and assist beneficiaries in gaining access to needed services—covered, non-covered, medical, social, housing, educational, and other services and supports
 - If CCH is leading Care management then the CM will support the beneficiary to identify strengths, goals, development of CCP, evaluations, reassessments, and leveling of care. Service Plans are reviewed with beneficiaries during regularly scheduled face-to-face meetings
 - The CM will further support the AMH in providing referrals to community resources if the beneficiary is no longer Medicaid eligible
 - Should a beneficiary's enrollment change to another Managed Care Plan, the Care Coordinator must coordinate a transfer between the managed care plans. This includes transferring care coordination records from the prior twelve (12) months to the new managed care plan.

Role of Care Coordination/ Behavioral Health Coordination

- ✓ Our approach includes immediate beneficiary (or parent/guardian, for minors) engagement, from initial assessment through coordination with AMHs for planning and implementation of an individualized, holistic care plan.
- ✓ CCH will ensure that Care plans will incorporate both covered and non-covered services to reflect the range of health, behavioral health (BH), functional, social, and other needs that are within the scope of BH population covered (not TBI or severe BH)
- ✓ Work with delegated AMHs on holistic care of eligible beneficiaries
- ✓ Pay careful attention both to compliance with prescribed medications as well as potential impact of each medication on all PH and BH conditions.
- ✓ Rapid and thorough identification and assessment of program participants, especially beneficiaries with special health care needs

Role of Provider in Service Planning

- Provider is responsible for supervising, coordinating and providing authorized services, and complying with the associated requirements of their AMH Tier assignment
- May participate in Health Education Advisory Committee within the community to advise on the health and education needs of beneficiaries.
- The provider will comply with beneficiary Grievance, Appeal, and DHHS Fair Hearing Process, reporting requirements.
- Provider will acknowledge services and supports, which are authorized, to fulfill beneficiaries' CCP

CCH and Advanced Medical Homes

- Carolina Complete Health (CCH) is considered a PHP or Prepaid Health Plan.
- DHHS has a strong preference for local care management (CM) to be performed at the site of care
- DHHS established a system of delegated CM through Advanced Medical Homes (AMH)
- DHHS assigns providers to one of 4 tiers based on the providers capabilities and infrastructure to perform and track care management of the populations served
- For Tier 3 AMH practices, CCH will delegate CM responsibilities and functions in support of DHHS's goal of local CM
- If a terminated provider is an AMH/PCP provider, CCH will notify the beneficiary of the procedures for selecting an alternative AMH/PCP. If the beneficiary does not actively select one within 30 days, the beneficiary will be assigned to a new AMH/PCP

- Carolina Complete Health (CCH) uses integrated methods to promote EPSDT to all beneficiaries and providers in an effort to remain compliant with State and Federal requirements.
- Our Performance Improvement Team will analyze our EPSDT performance and develop targeted, data-driven improvement recommendations.
- CCH will have: Data and technology to support outreach, tracking and evaluation; Comprehensive beneficiary education, outreach, and reminders; Provider requirements and education; Support and interventions to assist provider in ensuring all assigned beneficiaries receive needed EPSDT services in a timely manner; and, Regular evaluation of program performance and addressing of improvement opportunities.
- If after an EPSDT screen, a provider suspects developmental delay and is aware that the child is not yet receiving services, the provider should refer the child for Early Intervention Program services.
- Perform EPSDT screenings at every opportunity such as during a sports physical or sick visit
- Through our Provider Portal providers can access EPSDT care gap alerts when a child is not current with the EPSDT periodicity schedule or has other gaps in care.

Into the Mouths of Babes (IMB)

- CCH supports the IMB program which trains medical providers to deliver preventive oral health services to young children insured by NC Medicaid.
- Services are provided from the time of tooth eruption until age 3 ½ (42 months)
- Oral Preventive Procedures consist of 3 parts: Oral Evaluation and Risk Assessment; Counseling with Primary Care Givers; Application of Topical Varnish
- Medicaid-insured children may have the procedure a maximum of six times from tooth eruption until age 42 months.
- Procedure is recommended every 3-6 months—minimally a 60-day time interval between procedures
- NC Oral Health Section offers a 1-hour professional and staff training session on IMB in which CME credit is awarded. Contact Kelly Close at 919-707-5485
- Dentists and medical professionals may both provide preventive oral health services and receive Medicaid payment

 - Call **xxx-xxx-xxxx** (or the Provider Services line at **xxx-xxx-xxxx**)

Second Opinion

- Beneficiaries or a Healthcare Professional, with the beneficiary's consent, may request and receive a second opinion from a qualified professional with the CCH network. If there is not an appropriate Provider to render the second opinion with the network, the beneficiary may obtain the second opinion from an out-of-network provider at no cost to the beneficiary. Out-of-network and in-network Providers require prior authorization by CCH when performing second opinions.

Service Request Grievance Process

- A beneficiary, beneficiary's authorized representative, or beneficiary's Provider (with written consent from the beneficiary) may file an Appeal or Grievance. A grievance is a spoken or written expression of dissatisfaction sent to Carolina Complete Health about any action of Carolina Complete Health or a provider in the network.
- Appeals include, but not limited to: Quality of Care; Personal behavior of provider or employee; failure to respect a beneficiary's rights; harmful administrative process or operation
- Carolina Complete Health will acknowledge with letter within 5 days and a letter informing the beneficiary of our decision within 30 days
- In addition to the two levels of grievances, there is a State Fair Hearing process. Beneficiaries do not have to exhaust the complaint or grievance process prior to filing a request for a State Fair Hearing. External review of second level grievances may also occur.

Provider Complaints

- A Complaint is a verbal or written expression by a provider that indicates dissatisfaction or dispute with Carolina Complete Health policies, procedure, claims, or any aspect of Carolina Complete Health functions.
- Carolina Complete Health establishes and maintains written policies and procedures for the filing of provider Grievances and Appeals. Providers have the right to file a Complaint with us.
- Provider Complaints will be resolved within thirty (30) calendar days, with a status update provided after fifteen (15) days. A provider shall have the right to file a complaint with us regarding provider payment issues and/or Utilization Management decisions.
- Complaints may be submitted in writing via mail or fax, or orally by contacting Provider Services.

Claims Submissions – Professional

To submit a new professional claim, select the green “Create a New Claim” button within the patient record.

The screenshot shows the patient record interface for a professional claim submission. At the top, there is a navigation bar with icons for Eligibility, Patients, Authorizations, Claims, and Messaging. Below this is a search bar for patients and a "Find Patient" button. The main content area is divided into a left sidebar with navigation options and a main panel. The sidebar includes "Overview", "Cost Sharing", "Assessments", "Health Record", "Care Plan", "Authorizations", "Referrals", "Coordination of Benefits", and "Claims" (which is highlighted in blue). The main panel shows a "Back to Patient List" button and a table of claims. The table has columns for CLAIM NO., REFACCT NO., DOS RANGE, PAYMENT DATE, PAYMENT DATE, SERVING PROVIDER, BILLED/PAID, and STATUS. One claim is listed with a status of PAID. Below the table, there is a message "One item found. Page 1/1 1" and a green "Create a New Claim" button.

Claims Submissions - Professional

When prompted, click on the Professional Claim button.

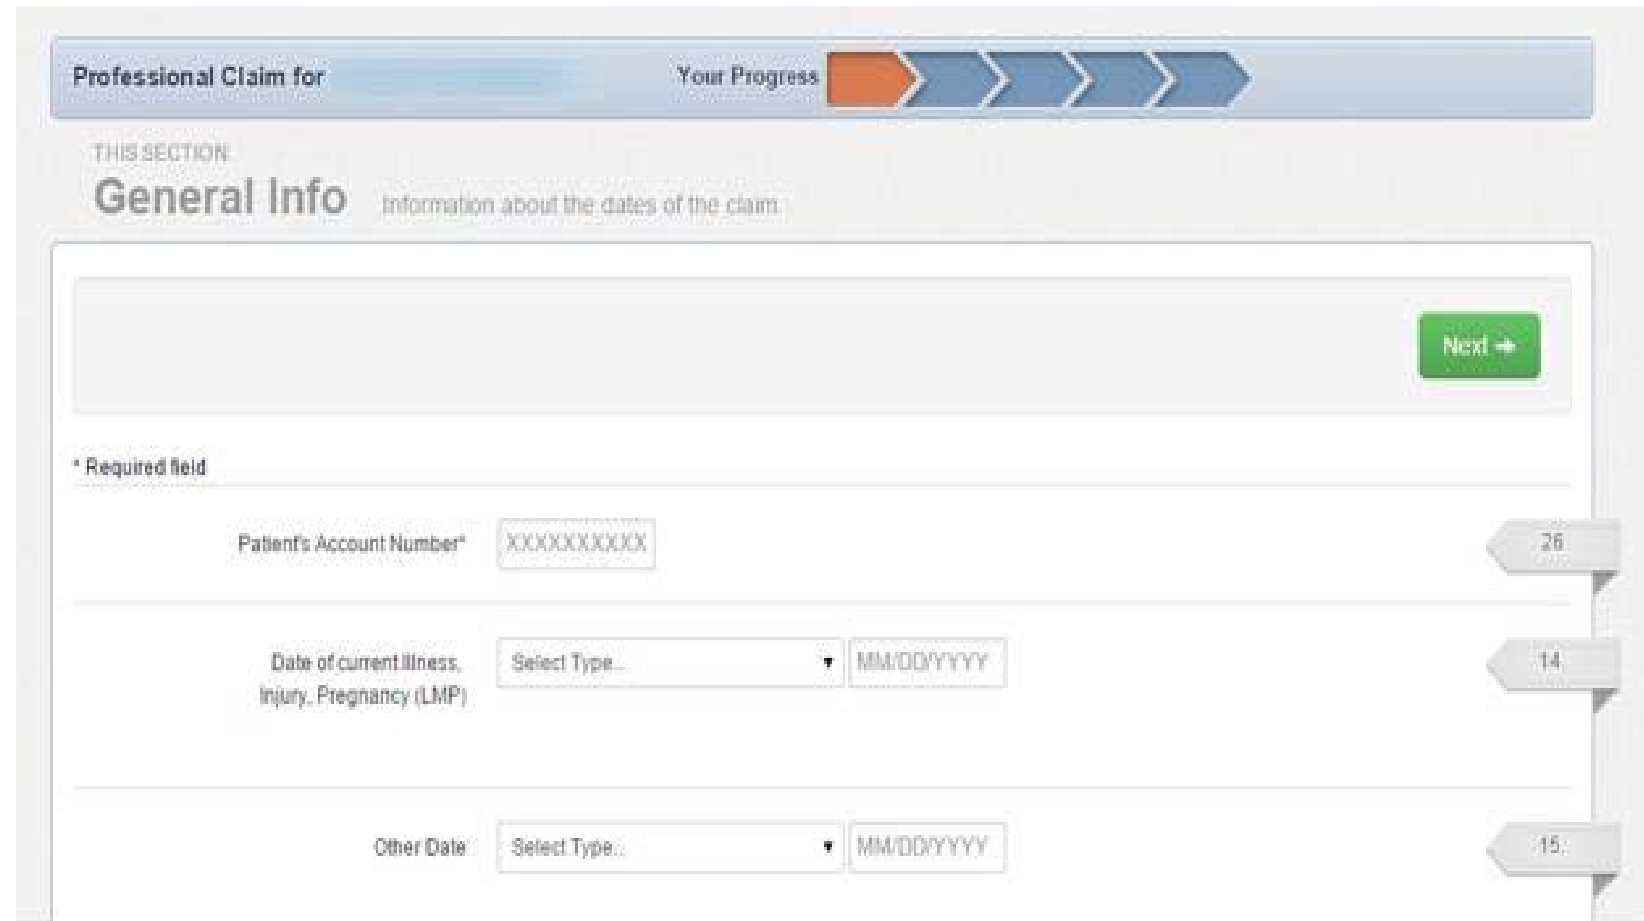

The screenshot shows the 'Claims' section of the Carolina Complete Health portal. At the top, there is a navigation bar with icons for Eligibility, Patients, Authorizations, Claims, and Messaging. Below this, a 'Viewing Claims For' section contains two dropdown menus and a 'GO' button. To the right are 'Upload EDI' and 'Create Claim' buttons. The main content area has a 'Choose Claim for:' field, followed by a 'Choose a Claim Type' section. This section contains two large green buttons: 'Professional Claim +' under 'CMS 1500' and 'Institutional Claim +' under 'CMS UB-04'. At the bottom, there are links for 'Terms & Conditions', 'Privacy Policy', and 'Copyright © 2015, Centene Corporation'.

Claims Submissions – Professional

In the General Info section, populate the Patient's Account Number, and other information related to the patient's condition by typing into the appropriate fields.

Then click Next, and follow the prompts to add diagnosis codes, coordination of benefits information, and other required information.

Note that the numbers along the right side represent the box number on the paper claim.

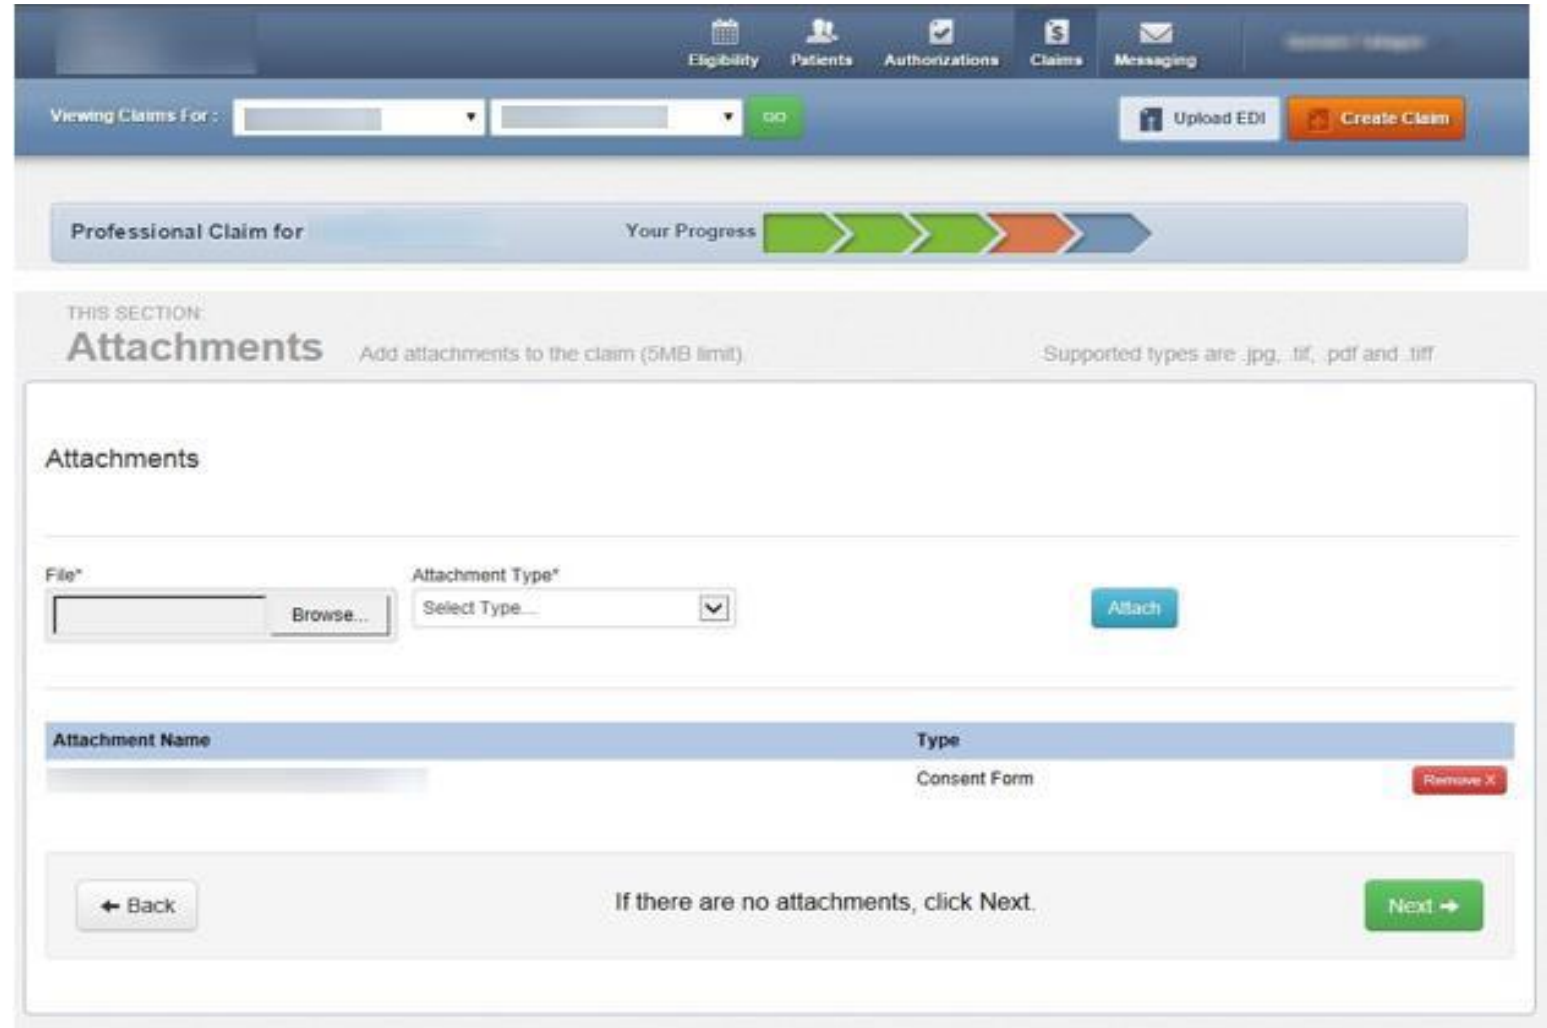

The screenshot shows a web interface for submitting a professional claim. At the top, there is a progress bar labeled "Professional Claim for" and "Your Progress" with a series of arrows, the first of which is highlighted in orange. Below this, the section is titled "General Info" with the subtitle "Information about the dates of the claim." A large empty text area is present, with a green "Next +>" button on the right. Below this, a "Required field" section contains three input fields:

- "Patient's Account Number*" with a text box containing "XXXXXXXXXX" and a box number "26" on the right.
- "Date of current illness, injury, pregnancy (LMP)" with a dropdown menu labeled "Select Type..." and a date field "MM/DD/YYYY", and a box number "14" on the right.
- "Other Date" with a dropdown menu labeled "Select Type..." and a date field "MM/DD/YYYY", and a box number "15" on the right.

Claims Submissions - Professional

If you have medical records or other documentation that needs to be attached to the claim, submit it using the Attachments screen. You may use the Browse button to attached any documents pertinent to the claim. If you have no attachments, you may skip this section.

The screenshot shows the 'Attachments' section of the Professional Claims submission interface. At the top, there is a navigation bar with icons for Eligibility, Patients, Authorizations, Claims, and Messaging. Below this, there are dropdown menus for 'Viewing Claims For' and a 'GO' button. To the right, there are buttons for 'Upload EDI' and 'Create Claim'. A progress bar labeled 'Your Progress' shows four steps, with the first three completed and the fourth (Attachments) highlighted in orange. The main section is titled 'THIS SECTION: Attachments' and includes the instruction 'Add attachments to the claim (5MB limit)' and 'Supported types are .jpg, .tif, .pdf and .tiff'. Below this, there is a form with a 'File*' input field and a 'Browse...' button, an 'Attachment Type*' dropdown menu with 'Select Type...' as the current selection, and an 'Attach' button. A table below the form lists the attached files:

| Attachment Name | Type | |
|-----------------|--------------|----------|
| | Consent Form | Remove X |

At the bottom of the section, there is a 'Back' button, the instruction 'If there are no attachments, click Next.', and a 'Next' button.

Below this is a 'Viewing For:' section with two dropdown menus and a 'GO' button. The main content area is titled 'Batch Claims Upload' and contains four numbered steps:

- 1. Check your codes**: The Submitter ID for the ISA06 must be WebBatch or WEBBATCH. ISA07 must be 30. The receiver ID for ISA08 must be 421406317. The Application Senders code for GS02 should match the value used in the ISA06. The Application Receivers code for GS03 should match the value used in the ISA08. For additional EDI information, please refer to Resources.
- 2. File Type**: Two buttons labeled '837I' and '837P'. Below them, it says 'Please choose a file format of .dat, .edi, or .txt no larger than 5MB.'
- 3. Upload File:** A text input field followed by a 'Browse...' button. Below this, it says 'File name should be 50 chars or less and should not contain any of the following special characters: ~!@#\$\$%^&*()/?\|'";,+: and be 50 characters or less.'
- 4.** A green 'Submit' button with a right-pointing arrow.

On the right side, there is a 'Resources' section with a text block: 'Please note that we currently accept formatted 837 claims files only. We apply HIPAA level 5 edits. If you are not familiar with generating or submitting an 837 file, please use a clearinghouse or our single claims submission module. We are continually developing new claims submission tools to allow you other formats by which to submit claims to use directly both individually and in bulk.' Below this are two buttons: 'Companion Guides' and 'Batch Claims FAQs', both with right-pointing arrows.

At the bottom of the page, there are links for 'Instruction Manual (PDF)', 'Terms and Conditions', 'Privacy Policy', and 'Copyright © 2019, Centene Corporation'.

Carolina Complete Health

Cultural Competency/
Fraud, Waste and Abuse

Cultural Competency

Cultural Competency is the willingness and ability of a system to value the importance of culture in the delivery of services to all segments of the population. It is the use of a systems perspective which values differences and is responsive to diversity at all levels in an organization. Cultural Competency is developmental, community focused, and family oriented.

Carolina Complete Health:

- Covers benefits for risk factors common among ethnic groups
- Will ensure compliance with the following statues and regulations to ensure eligible beneficiaries have equal access to quality health care regardless of their race, color, creed, sex, national origin, religion, disability, or age : Title VI of the Civil Rights Act of 1964 (which prohibits discrimination on the basis of race, color and national origin); Section 504 of the Rehabilitation Act of 1973 (which prohibits discrimination on the basis of disability); and The Age discrimination of 1975 (which prohibits discrimination on the basis of age).
- Offers a choice of providers with cultural and linguistic expertise
- Expects the provider to be knowledgeable about beneficiary’s cultural values and incorporate this information in their treatment plan
- Expects the provider to ask questions relevant to how the family cultural values might influence how the beneficiary handles their diagnosis

Cultural Competency

Carolina Complete Health uses the National Culturally and Linguistically Appropriate Services (CLAS) standards from the Office of Minority Health to guide our efforts to be more culturally competent. Below are a few standards to guide you.

- Principal Standard:
 - Provide effective, equitable, understandable and respectful quality care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy and other communication needs
- Communication and Language Assistance:
 - Offer language assistance to individuals who have limited English proficiency and/or other communication needs, at no cost, to facilitate timely access to all health care and services
- Engagement, Continuous Improvement and Accountability
 - Establish culturally and linguistically appropriate goals, policies and management accountabilities and infuse them throughout the organization's planning and operations.

Resources for your Practice:

- Complimentary Interpretation Services
 - As a CCH provider, you have access to interpretation services. To obtain access to a telephonic interpreter please call Provider Services at 1-833-552-3876 and have the beneficiary's ID number present.
 - All customer service phone lines will be TTY and TDD capable for different languages and the deaf
 - CCH material is available minimally in English and Spanish
 - For assistance with Cultural Competency issues and/or educational sessions, please contact Provider Services at the number above or discuss with you Provider Engagement Specialist

Cultural Competency

- Health Literacy—capacity to obtain, process and understand basic health information and services needed to make appropriate decisions. A patient’s level of health literacy can impact how and when they take their medication, their understanding of their health conditions, attendance at their appointments and the choices they make regarding treatment. Low health literacy has been linked to poor health outcomes such as higher rates of hospitalization and less use of preventative services.
- What can you do??
 - Slow down—sometimes all you need to do is take a little extra time so that patient can process the information better
 - Use Plain, Nonmedical language—use words like “high blood pressure” instead of “hypertension” or “skin doctor” instead of “dermatologist”
 - Show or Draw Pictures—Visual images can improve the patient’s recall of ideas
 - Limit the Amount of Information and Repeat It—Sometimes it can be overwhelming to receive too much information all at once
 - Use the “Teach-Back” method—Confirm that the patient understands by asking them to repeat back your instructions.
 - Create a Shame-free Environment that Encourages Questions—make patients feel comfortable asking questions. Use the patient’s family or friends in promoting understanding

Fraud, Waste and Abuse

Carolina Complete Health follows the four parallel strategies of the Medicare and Medicaid Programs to Prevent, Detect, Report and Correct *Fraud, Waste and Abuse*:

- Preventing fraud through effective enrollment and education of physicians, providers, suppliers and beneficiaries
- Detecting waste through data analytics and medical records review
- Reporting abuse to the appropriate partners, including contractors, the NBI-MEDIC and federal and state law enforcement agencies such as the Office of Inspector General (OIG), Federal Bureau of Investigation (FBI), Department of Justice (DOJ) and Medicaid Fraud Control Unit (MFCU)
- Correcting fraud, waste and abuse by applying fair and firm enforcement policies such as a pre-payment review and a retrospective review, as well as developing and implementing a corrective action plan

Fraud, Waste and Abuse

CCH performs front and back end audits to ensure compliance with billing regulations.

Most Common Issues:

- Use of incorrect billing code
- Not following the service authorization
- Inaccurate procedure codes for the provided service
- Excessive use of units not authorized by the care coordinator
- Lending of insurance card

Benefits of Eliminating Fraud, Waste and Abuse:

- Improves patient care
- Saves dollars and identifies recoupments
- Decreases wasteful medical expenses

- Potential Fraud, Waste or Abuse reporting may be reported on Carolina Complete Health anonymous and confidential hotline at **1-800-XXX-XXXX**; by contacting our Compliance Officer at **XXX-XXX-XXXX**.
