

Behavioral Health Clinical Trainings Provider Guide

Behavioral Health Clinical Trainings for BH and Physical Health Providers

Carolina Complete Health offers trainings for both behavioral health and physical health providers in our network at no cost. Our team provides mostly clinical, provider-focused education on topics that are geared towards improving member outcomes. The majority of our clinical trainings also offer behavioral health continuing education units also at no cost to the attendee. Trainings are completed via live/virtual instructor led webinars.

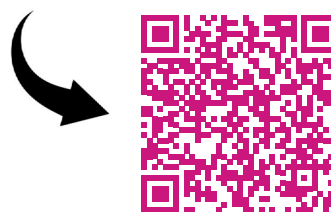

NOTE: All training courses are live events unless otherwise noted. Attendees must login to GoToTraining 15 min. prior to start and connect audio via their device or call the conference number. Attendees must be in the room individually and be able to access audio, complete the pre/post-test, and attend entire training to receive credit. Pre-tests are only available at the start of the training.

Training topics include but are not limited to:

- Adverse Childhood Experiences (ACEs)
- Behavioral Health Screening Tools
- Cultural Competency/Cultural Humility
- De-escalation Techniques
- DSM-5
- Human Trafficking
- Integrated Healthcare
- Intellectual Developmental Disorders
- Mental Health First Aid (MHFA)
- Prevention Violence
- Social Determinants of Health
- Substance Use Disorders
- Topics in Behavioral Health
- Trauma Informed Care
