Public Health Notice from DHHS

- ▶ The North Carolina Department of Health and Human Services has announced the state's first case of disease associated with West Nile virus in 2025. The case occurred in a resident of Durham County. To protect the patient's privacy, no further information will be provided.
- ▶ West Nile virus-infected mosquitoes were also recently identified through routine monitoring in Pitt County. This mosquito testing is part of a collaboration between Pitt County Vector Control and NCDHHS to prevent transmission of West Nile virus and other mosquito-borne diseases.
- ▶ "This is the time of year when West Nile virus activity typically increases across North Carolina," said Emily Herring, NCDHHS Public Health Veterinarian. "This recent case highlights the importance of preventing mosquito bites to reduce the risk of infection."

Important Information for Providers – member referrals

- Partners continues to receive feedback where providers are suggesting members change their eligibility from Tailored Plan to another insurance.
- If there are providers that facilities typically refer to, where there is resistance to serving the Tailored Plan population, please reach out to let us know that information.
- Member benefits and changing a member's benefits is a process that requires benefits counseling
- If facilities are struggling to refer places, please reach out to phpas@partnersbhm.org so that we might support outreaching the provider, verifying their contract status, etc.

Skilled Nursing Facility Referral Process

1. Partner's Utilization Management (UM) team (including Carolina Complete Health) collaborates with hospital discharge planners to identify members transitioning from acute care to SNF.
2. SNF submits a request for admission to Partners; medical necessity is reviewed by UM.
3. Upon approval, Partners sends authorization and SNF submits DHB-2039 form to DSS to initiate financial eligibility review.
4. PASRR Level 1 screening is required; if positive, a Level 2 evaluation ensures appropriate placement for individuals with SMI, ID/D

Additional Information can be found on slide 91

For questions, please contact CTT Referrals: CTT_inpatientED_Referrals@partnersbhm.org

Frequent Asked Questions

- ▶ **What are the copay rules?** Copays are established by NC Medicaid and are consistent across all Medicaid plans. [Read more here.](#)
- ▶ **How do I know which CPT code and modifier to use and if it is covered?** Partners adheres to the NC Medicaid Fee schedule and covered for physical health services. Utilize the [NC DHHS Service Now Page](#)

▶ **Permission Matrix Updates – NC Tracks**

- ▶ The following changes to the Provider Permission Matrix were made to align the taxonomy's assigned categorical risk level, additional screening requirements and federal fee. These changes will take effect on June 1, 2025.
 - Home Health Agencies (251E00000X) have a high categorical risk level, requiring a site visit. Providers will be prompted to respond to questions regarding any previous site visit, or be contacted to schedule a site visit, in their future NCTracks applications.
 - Community Based Residential Treatment Facility; Mental Illness (320800000X) has a limited categorical risk level and will no longer require payment of the federal fee. In-Home Supportive Care (253Z00000X) providers have a high categorical risk level and must be assessed for payment of a federal fee. Providers will be prompted to respond to questions regarding payment of the federal fee in their future NCTracks applications. This change is applicable to all enrollment types.
- ▶ The Provider Permission Matrix, Instructions job aid and a list of Federal Fees & NC Enrollment Fees by Year are available on the [NCTracks Provider Enrollment](#) webpage.

Member ID Card and Eligibility Check

PCP Member Choice Update

- ▶ Partners is committed to providing members with the best possible Primary Care Provider (PCP) choices. However, members may sometimes be unable to select their preferred PCP due to panel limits.
- ▶ A “panel limit” refers to the maximum number of members a physician can manage in their practice. This limit is determined by factors such as the physician’s available time, the complexity of members’ needs and the practice’s capacity to ensure quality care. Maintaining an appropriate panel size is essential to provide adequate attention, prevent burnout and improve care quality.
- ▶ If a provider’s panel limit is reached and we cannot confirm the member’s established relationship with that provider, documentation is required to assign the member to the PCP. Providers must submit a letter on office letterhead, including the member’s name, date of birth, Medicaid ID and confirmation of either an established relationship or acceptance of the member. Alternatively, we can accept claims history showing at least six months of primary care treatment.
- ▶ Documentation should be sent by email to PCP@PartnersBHM.org or by fax to **704-884-2736** (Attention: Member PCP Choice).
- ▶ For questions, contact Renee Jenkins, Member Engagement Support Specialist, at **704-842-6488**

Pre-Authorization Lookup Tool

How can providers determine which services require prior authorization for a health plan?

Partners Benefit Grids and Service Pre-Authorization Lookup Tool can be located at:

<https://providers.partnersbhm.org/benefits/>

Service Pre-Authorization Lookup Tool

Partners' Service Pre-Authorization Lookup Tool provides authorization requirements by service code. We have made every attempt to ensure the most current information is included in the Pre-Authorization Lookup Tool. However, use of this tool does not guarantee payment. It is the provider's responsibility to ensure proper eligibility, coverage benefits, provider contracts, correct coding and billing practices are followed. You may also refer to the **Partners Benefit Grids** and enter an authorization into **ProAuth** if an authorization is indicated.

Non-participating/Out-of-network providers must submit Prior Authorization for all services.

Vision Services are managed by **Envolve Vision**.

Dental Services are managed by **NC Medicaid**.

Complex imaging, MRA, MRI, PET, and CT scans are managed by **Evolent**.

For details regarding pharmacy prior authorizations, visit our **Pharmacy/Medication Prior Authorization** page.

Enter the base code of the service you would like to check, and then select a mod:

DENY: BILL PRIMARY INSURER 1STRESUBMIT WITH EOB	Prior to submitting claim, verify member's eligibility to determine if there is a primary payer. PCS Per Diem Rate Change: Provider Tips

- Provider should bill their usual and customary charge. Continue using the same claim form type.
- When billing per diem, each day of care should be listed on a separate line.
- **A claim line that spans multiple dates or includes a unit greater than one, will deny.**
- Claims lines submitted for dates of service on or after the effective date must be billed for a single date of service and bill 1 unit.
- Claims created in advance under the current guidelines of 1 unit = 15 minutes will not be compatible with the new billing guidelines of 1 unit per day.

Inpatient Claims Submission Tips

▶ Physical Health Claims

- Physical Health claims uses the primary diagnosis on inpatient claims to determine the claim is physical health vs. behavioral health and processes the claim accordingly.
- If an inpatient claim has a primary diagnosis for physical health but the member also received behavioral health services during the stay, the claim will be processed using the appropriate DRG for the full stay.

▶ Behavioral Health Claims

- Behavioral Health claims uses the primary diagnosis on inpatient claims to determine if the claim is behavioral health vs. physical health. If an inpatient claim has a behavioral health primary diagnosis, the claim will be processed at the per diem rate for the room and board revenue code.

Outpatient Claims Submission Examples

- ▶ Child presents for an EPSDT Well Child Check and the PCP also manages ADHD diagnoses

Service Line CPT Code	Service Line Primary Diagnoses Code
99393	Z00129

- ▶ Today, these claim scenarios today are billed to Medicaid Direct, and July 1, 2024, they will be processed by Carolina Complete Health for Partners' Tailored Plan providers.
- ▶ Please use the physical health claim submission steps outlined on Slide 13.

Skilled Nursing Facilities (SNF) Additional Resources

Skilled Nursing Facility FAQ's

Q: What is the Skilled Nursing Facility (SNF) admission process under Partners Tailored Plan?

A: Partners' Utilization Management (UM) team works with hospital discharge planners to identify eligible members. SNFs submit admission requests to Partners Intake. After UM reviews for medical necessity, approval is sent, and SNFs submit the DHB-2039 form to DSS to begin financial eligibility review.

Q: When is a PASRR evaluation required?

A: All admissions require a PASRR Level 1 Screening. If positive for SMI, ID/DD, or related conditions, a Level 2 Evaluation is conducted to assess placement needs and specialized services.

Skilled Nursing Facility FAQ's

Q: Who coordinates services once a member is admitted to a SNF?

A: The Care Transitions Team (CTT) enrolls the member in TruCare, coordinates with SNFs on discharge plans, and ensures tracking and support through weekly Clinical Huddles. If the member is a Level 2 on the PASRR, they will have a Tailored Care Manager (TCM) assigned to coordinate care.

Q: What happens if a member is discharged within 90 days?

A: The CTT creates a 90-day Transition Plan and facilitates post-discharge services, including transportation, home support and outpatient appointments. A warm handoff is made to the TCM.

Skilled Nursing Facility FAQ's

Q: How is Medicaid disenrollment handled for members in SNFs?

A: If a member remains in a SNF for 90 consecutive days, they are disenrolled from the Tailored Plan and moved to NC Medicaid Direct on the first day of the following month. CTT submits the LTSS Disenrollment Form and notifies the TCM and SNF of the change.

Partners will not be doing Physical Health but will be coordinating care for Behavioral Health/IDD.

Q: Who can hospital staff contact for help?

A: CTT Referrals: CTT_inpatientED_Referrals@partnersbhm.org

Skilled Nursing Facility Medicaid Disenrollment

Medicaid Disenrollment

- If member remains in SNF for 90 consecutive days, they are disenrolled from the Tailored Plan and transferred to NC Medicaid Direct on the first of the following month.
- If discharge results in admission to CAP/C, CAP/DA or PACE, CTT will also complete the LTSS Disenrollment Form.
- CTT submits the LTSS Disenrollment Form to the state and notifies involved parties (UM, TCM, SNF).
- CTT will support the Provider and Network team during this process by submitting the LTSS Disenrollment form.
- CTT will facilitate a warm hand-off by communicating discharge plans directly to the member's assigned Tailored Care Manager (TCM) via email or phone call after notification of the discharge. CTT will document warm hand-off in TruCare notes.
