Portal Registration & Login Tips

- Registration is required for access to the portal
- Portal accounts cannot be shared
 - Each person within a provider organization who needs access to the portal, must compete the portal registration
- For a portal user to register, their TIN must be loaded in our systems
 - Allow at least two business days for portal to reflect updates in back-end systems
- There is no limit on the number of TINs a portal user can add to their portal account
- Portal users must log into the portal every 90 days to prevent their account from being locked due to inactivity
- The Forgot Password / Unlock Account link on the Secure Provider Portal login page, cannot be used to unlock a portal account, that is locked due to inactivity
